A Chode is deifinitely a penis wider than it is long. Seriously, "gooch" and "taint" already exist as totally legit words. Chode is a great word used to describe a certain type of penis.

Look at that chode. Can that even fit in a vagina? And it's only an inch long.

I don't know where most of you got your fucking definitions for this word,
 but the Chode has nothing to do with a short or fat penis. It is a synonym
 of "taint" and "gooch". It is the area between your sac and your asshole.

5. Donkey Punch

 188 up, 139 down 

Punching someone in the back of the head may lead to serious brain damage and even death.

Donkey punching involves the male punching the sexual partner in the back of the head during anal or vaginal sex prior to orgasm, to provoke a shock causing the vaginal or anal muscles to contract around the male's penis.

The move can be prosecuted as sexual assault and even rape in the case of surprise anal penetration.

an urban legend that holds that if you have vaginal or anal sex with a woman (or anal sex with a man) and punch him/her in the back of the head, it will somehow cause the vaginal/anal muscles to contract. this is medically impossible, but widely circulated among 12 year old boys and those that share their general level of maturity and/or a chauvanist animosity towards women. the only garanteed result of a donkey punch is an immediate end to your sex life and/or getting your ass kicked physically or in court.

3. Donkey Punch

455 up, 114 down

Verb. Noun.

Whilst participating in either vaginal or anal 'doggy style' intercourse, during the instant before the male ejaculates, the penis is inserted (or kept) in the female's anus, at which point he delivers a swift punch to the back of the female's cranium. This results in the simultaneous contraction of the anal sphincter and various other muscles in the female, thus producing a tremendous sensation for the male. However, for the technique to render successful, the receiving party must be knocked utterly unconscious.

"I was banging this one night and I donkey punched the bitch so hard she passed out!"

"What happened after that?"

"I fell asleep. What else?"

"Hear hear! Bravo!"

4. donkey punch

168 up, 94 down

1) While engaged in the act of copulation in the canine position or doggy style, and the male (or female with a strap on dildo) in the rear position

A Cleveland Steamer is one of two acts that are similar for the scatalogically inclined. One is a crude sex act the other a crude break up technique. Both are the same thing.

1. You take a dump on a lovers chest while or before titty fucking (if that partner is a female.) Generally for the cacaphile only or as a domination and humiliation tool in BDSM games. See also Brown Showers. The steamer part is that it is very probably steaming from the freshness (Moisture rising from it) not to do with "steamrolling" it. Then it would have been called a "Cleveland Steamroller". It is probably named after Cleveland (Lucky us Clevelanders) because of the brown stripe left behind resembling the brown stripe on the orange Cleveland Browns Football Helmet. If you squish it down and then you spooge on it for syrup it becomes a "Boston Pancake". Don't know the origin of Boston in reference to that act.

2. Often used as a breakup technique for angry lovers to wait till the other is asleep and dumping on their chest and leaving them to wake in it the morning after. Point made. Sexual intercourse isn't necessary beforehand technically. It is only for extra points with your pals since you obviously are only pretending to be making up and having sex to achieve this goal and are tricking the other person to get even. Usually done without knowledge of the victim if the "pooper" wants to escape alive.

Tom wanted to break up with Sally after their last fight and he made his point to her by dropping her a Cleveland Steamer and leaving the bedroom.

6. cleveland steamer

 7 up,  16 down

The act of making sweet love to a woman, waiting until she goes to sleep, defecating on her chest, taking a five dollar bill from her purse and then bolting from the area.

She was complaining to her friends that she had gone to bed with a new man and awakened to a large fresh pile of feces on her chest and that five dollars missing from her purse. Her friends were barely able to contain their laughter as they informed her that he had been the recipient of the mythical cleveland steamer.

NO, a Dirty Sanchez is performed when a male fingers a female's ass and wipes the remnants on the female's upper lip. What you referred to below, when a male inserts his penis in a female's ass then transfers the fecal matter from his penis to the female's upper lip is the Dirty Rodruigez, the first cousin of the Dirty Sanchez. Don't feel bad though, they are commonly confused.

The man's index finger was smelly after administering a dirty sánchez.

58 up, 7 down

Pronunciation: 'smeg-m&

Function: noun

Etymology: New Latin, from Latin, detergent, soap, from Greek smEgma,
from smEchein to wash off, clean

: the secretion of a sebaceous gland; specifically: the foul-smelling pasty,
cheesy sebaceous accumulation of desquamated epidermal cells and sebum
that collects in moist areas like between the glans penis and the foreskin or
around the clitoris and labia minora.

*"And they say, 'Well, you'll have cheese if you're not
circumcised.' I like it! It's my cheese! Give it to me!"*

An activity popularized by the University of Kentucky "greek" community. This game, which requires little control over one's physical faculties yet apparently takes years of intense dedication to perfect, consists of attempting to throw a small bean bag into a hole sawed into the center of a wooden plank, elevated at a slight angle above the ground. The uniform for play consists of overpriced khaki shorts and pastel-colored shirt. Cornhole only occurs at temperatures above 62.7 degrees Farenheit.

1. Cornhole

 **269** up, **58** down 

The act of gently inserting your well lubed erect cock into your womans well rimmed and squeeky clean anus. Making sure plenty of lube has also been applied to her sphincter as well. With a gentle push, once the crown of your cock has stretched her sphincter, you allow her bung muscle to relax and then start a gradual entering of her turdcutter. Once fully in her turdcutter, you begin a slow, short pumping motion until you build up to a full length cock stabbing penetration of her dumphole. Stroking as fast as possible, while holding on to her hips until you reach the point of no return. You finish off, balls deep in her rectum. Pumping your gooey man juice deep in her crapper, coating the walls of her colon.

After I cornhole you, you won't shit right for a week.
